Seed, Plant and Poultry

FARM

WM. W. STERLING & SON, Props.
Cutchogue, Long Island, Suffolk Co., N.Y.

To Our Patrons

We take pleasure in handing this, our 1918 catalogue, to our friends and customers and extend to you our best wishes for a successful, prosperous year this season. Last year there were more gardens planted than ever before and from all reports almost all of them did well.

This year there should be a still greater increase and, we hope, better success, due not only to more experience in Garden Culture, but more Strenuous Efforts as well.

There is no doubt that "Food will win the War" and we must all do our Utmost to raise all we can, live out of our gardens all we can, and let the wheat and meat go to our Soldier Boys and our Allies.

Seeds of all kinds are scarce and high. Don't be fooled by so-called "cheap" seeds. Good seed can not be sold cheap.

Burpee Seeds are known the World over to be as good as the best and better than most, so don't worry over a few cents extra in cost, if they are a little higher than some of our competitors. The results will pay big dividends, in crops and satisfaction.

Some items are entirely out of the market but we have a good general supply as we go to press. Try and get your seed order in before April 1st. We will do our utmost to fill your orders, even if received after that date.

We are selling Parred Plymouth Rock Eggs for hatching and Baby Chicks.

Strawberry Plants are one of our Specialties. Try a few hundred Wm. Belt, Corsican, Marshal, Wild Wood, 1st Quality and Stephen's Late Champion. They are the six best kinds we have tried yet. One hundred of each of these six kinds for \$3.00, charges prepaid anywhere on Long Island. Prescott's Asparagus Roots are tried and proven the best there is for Garden or Field. The one year old roots will give the longest lived and most satisfactory bed of any size plants you can get.

Seed Potatoes are another specialty of ours. We have a large supply of Mills Prize and Irish Cobbler. We expect to plant over 50% of our own acreage from this stock. That shows we have faith in it.

See Mr. David Jones' testimonial on page 11.

We ask you for your trade and assure you of our best attention and a square deal. Let us hear from you if you want any advice as to planting, spraying or taking care of your crops.

Thanking you for the business you have given us in the past years and assuring you of our best attention to your orders in the future we remain.

Sincerely yours,

WM. W. STERLING & SON.

P. S.—See our offer to pay transportation charges. If you order for small seeds and plants does not amount to \$5.00, get your neighbors to club in with you.

Seed Department

Send Cash with your Order. That saves bookkeeping, bother and worry and is the most satisfactory for all parties concerned. We pay postage on all seeds by the pkt. or oz. and plants by the doz.

Quantities over that if desired to be sent by mail require 5 cents per lb. extra in the 1st and 2nd zones, and 1 cent extra for each additional lb. About all seeds have to be sold by the lb. now and we consider it the fairest and best way. 1 qt. of sweet corn weighs about 1½ lb. 1 qt. of peas and beans weighs about 2 lb. 1 qt. of onion sets weighs about 1 lb. Half oz. will be sold at oz. rates, half lbs. at lb. rates, pints at qt. rates and ½ bushels at bushel rates.

We make no charge for packing or packages except in field seeds in bulk. We have to charge for the seamless bags, 40c. each. These bags hold 2½ bu.

REMEMBER, WE SELL BURPEE'S GARDEN AND FIELD SEEDS

For less money than you can buy them elsewhere. We always mention it when any of our seeds come from other sources than from W. Atlee Burpee & Co.

Manorville, L. I., Jan. 28, 1918

Wm. W. Sterling & Son.

Dear Sirs:—The potatoes and other seeds purchased of you last year germinated nicely and yielded well.

Yours very truly,
J. H. CARTER.

Manorville, L. I., June 7, 1917

Wm. Sterling & Son.

Dear Sirs:—The early cabbage plants, onion sets and seeds with later shipment of white beans were very satisfactory, and I am awaiting the remainder of the plants as per my order of April 2.

MISS C. R. LAWRENCE.

Gentlemen:—I have used your Asparagus plants for three years, setting about seven acres. and I take pleasure in recommending them to all asparagus growers. The roots were uniform in size, consequently an even growth over the entire field, making a three foot growth the first season, and a seven foot growth as one-year-old plants. The Reading Giant seems to grow larger and taller than the Giant Argenteuil, which seems to spread faster, there being twice as many stalks as in the Reading Giant. I think for fancy asparagus the Reading Giant will be the leader.

Yours truly,

J. M. HALLOCK.

Plant Department

We make a specialty of plant raising, in cold frames, hot beds and in the open ground. Customers are invited to come look our plants over and be convinced that it pays to buy Sterling's Plants.

Our Plants are sold as reasonable as possible. 50 of 1 kind will be sold at 100 rates, 500 of 1 kind at 1000 rates. Labor is so high we can not make up an order of one or two hundred of three or four kinds and sell them at 1000 rates.

We pack our plants in wet moss, using the utmost pains, and make no charge for packing or package.

We ship by Express F. O. B. Cutchogue Station. Customer to pay transportation charges unless your order comes to \$5.00 or more made up of different kinds at 100, 200 or 300 rates, the whole order to go forward in one shipment. Then we pay the transportation charges to your nearest Express or Post Office, anywhere on Long Island.

If you want Plants by Parcel Post, add 5c. per doz., 20c. per 100, 30c. per 200 and 40c. per 300. This is an average estimate, some kinds may be more and some less, but we will always include enough extra plants to make up the difference if in any case the extra remittance amounts to more than the postage.

Strawberry Plants Our Specialty

Our Strawberry Plants are well rooted, healthy and true to name. We have 14 of the best kinds to choose from and we are sure you can find a few kinds to suit your soil and taste.

We pack our plants in wet moss and keep kinds well separated and marked.

Wild Wood, Corsican, Marshal, 1st Quality, Wm. Belt and Stephen's Late Champion are the six best kinds we have tried so far. We list them in order of ripening. We will send 100 of each of the 6 kinds anywhere on Long Island, charges prepaid for \$3.00.

Wm. W. Sterling & Son.

Dear Sirs:—Enclose post office order for \$2.30 for sack potatoes and one dozen egg plants. Thanking you for the same; they were in fine condition. Thanking you again. Yours very truly.

C. W. BENNETT.

Poultry Department

Barred Plymouth Rocks, Parks' Strain.

We find this Strain is superior to any we have ever tried.

The hens lay a large, rich, brown egg, they are heavy layers, have long bodies, broad backs and are nicely barred, a medium dark shade. We are mating up three pens of these birds this year and are selling the eggs for hatching and Baby Chicks as reasonable as possible.

Pen No. 1

A Parks \$10.00 Pedigree Bird, received from Mr. Parks this past Winter.

Mated to the pick of our flock, 10 pullets and old hens of exceptionally fine marking and with the true laying shape and type.

This is a fine pen of Barred Rocks. Eggs from this mating @ \$2.00 per setting of 15 eggs. No Baby Chicks.

Pen No. 2

3 Parks' cock birds, large, well marked, handsome birds from Mr. Parks' trap nested stock. These birds came from Mr. Parks' breeding pens in 1916 and 1917.

Mated to 35 hens that we have carefully selected for our choice breeding pen of layers. Eggs from this mating... \$4.50 per 50 eggs
8.00 " 100 "

Baby Chicks	5.00	"	25	chicks
	9.50	"	50	"
	18.00	"	100	"

Pen No. 3

A Parks' Cock Bird, called by one Rock enthusiast the best bird on our farm. Also a Parks cockerel purchased of Mr. Parks this past Winter. A fine bird, bred from a heavy laying trap nested female. Mated to 30 fine well bred Parks' pullets. Come look our flocks over and be convinced that we are breeding Rocks right, and true to form.

Eggs and Baby Chicks from this mating same as from Pen No. 2.

5% off these prices if you come and get the eggs and chicks from our Farm.

Our Guarantee

We guarantee the fertility of our eggs for hatching to be 60 per cent. in January and February; 75 per cent. in March and April and 80 per cent. in May and June. We feel sure they will run much more fertile than the guarantee but if they run below, return the infertile eggs to us, charges prepaid, and we will replace them free of charge or replace the whole order at half price. In selling Baby Chicks we guarantee correct count and safe delivery.

Order Now

Orders for Eggs and Baby Chicks booked at any time. One-half the amount of purchase price should be included in the order and the balance should be sent five days before date for the order to be filled.

Westhampton, N. Y., Jan. 21, 1916.

Mr. Sterling:

Dear Sir:—Am enclosing check for the three B. P. Rock cockerels. They are nice birds. Am pleased with them.

Truly yours.

W. F. GIERASCH.

Manorville, L. I. Feb. 15. 1917.

B. P. Rock Cockerels were duly received and are very nice birds.

Cyphers Incubators and Brooders

We are the Authorized Agents for the Cyphers Incubator Co. and can supply you with their Incubators and Brooders direct from them.

They have given up Manufacturing Poultry Supplies of all kinds but we expect to carry a full line, getting them from the MacNiff Hort. Co., of New York, so call on us if in need of any kind of Poultry Supply. Give us a list of anything you may need and we will give you the best price possible.

2ND HAND INCUBATORS

We have 2nd Hand Cyphers Incubators as low as \$12.00 each. Come look them over. We will sell you a 244 Egg Cyphers Incubator that has never been used and B. P. Rock Eggs enough to fill it for your first hatch for \$45.00

cash. Also have a 2nd hand No. 2 machine with B. P. Rock Eggs enough to fill that for \$35.00 cash. A 2nd hand No. 1 machine with eggs enough to fill it for \$25.00 cash. No. 3 machines cost now \$49.00. You can buy one of our No. 3 machines for \$18.00. Help is so scarce and high we are closing out our Incubators as we mean to give up the Baby Chick business and just furnish our Barred Plymouth Rock Eggs for hatching after this season.

Write us if in need of Incubators, Brooders, Hovers, Coal Burning Hovers, or any kind of Poultry Supplies.
